ADITYA PATHAK

Software Engineer | Full Stack Developer | Frontend & Backend Developer (Fresher)
real2adityapathak@gmail.com | +91 7903748311 | linkedin.com/in/realadityapathak | github.com/Realadityapathak

PROFESSIONAL SUMMARY

MCA graduate (2026) seeking Software Engineer, Software Developer, SDE, Full Stack, Frontend and Backend Developer roles (Intern / Trainee / Entry-level). Completed a full-stack development internship at Celebal Technologies and built 3 live web applications (e-commerce with Stripe payments, real-time chat, AI resume analyzer) using React.js, Next.js, Node.js, MongoDB and REST APIs. Strong in DSA, OOP, DBMS and Networks. Open to relocation.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, C++
Frontend: React.js, Next.js, HTML5, CSS3, Tailwind CSS, Context API, Zustand
Backend: Node.js, Express.js, REST APIs, JWT Authentication, Socket.io
Databases: MongoDB, MySQL (SQL)
Tools & Platforms: Git, GitHub, Stripe, Sanity CMS, Puter.js, Vercel, Render
CS Fundamentals: Data Structures & Algorithms (DSA), OOP, DBMS, Operating Systems, Computer Networks, STL

EXPERIENCE

Summer Intern (Full Stack Development) | Celebal Technologies, Jaipur May 2025 – Jul 2025

- Delivered a responsive full-stack e-commerce application using **Next.js** and **React**, with dynamic cart and real-time product management, giving users a smooth shopping experience across devices.
- Removed the need for redeployment on content changes by integrating **Sanity.io** headless CMS for product and promotional content, enabling real-time updates.
- Enabled secure, reliable online payments by integrating **Stripe** payment workflows and optimizing the checkout experience.
- Maintained consistent UI behavior across devices by managing application state with **React Context API**, and automated deployments on **Vercel** for reliable public access.

PROJECTS

Chatify – Real-Time Chat Application (MERN, Socket.io, JWT, REST APIs) View Demo

- Enabled instant messaging between users by building a full-stack chat app with **Socket.io**, React, Node.js, Express and MongoDB.
- Secured user access with **JWT authentication** and designed **RESTful APIs** for user and message management.
- Made the app publicly accessible by deploying the frontend on Vercel and the backend on Render.

E-Commerce Web Application (Next.js, Sanity CMS, Stripe, Tailwind CSS) View Demo

- Built a full-stack e-commerce platform with dynamic product management and secure checkout, using **Next.js**, **Sanity CMS** and **Stripe**.
- Improved mobile shopping experience by designing a responsive, mobile-first UI with **Tailwind CSS** and **React Context API**.

AI Resume Analyzer (React, TypeScript, Puter.js, Zustand, Tailwind CSS) View Demo

- Helped job seekers check resume-to-job fit by building an AI-based web app that compares resumes with job descriptions using **React** and **TypeScript**.
- Added authentication, cloud storage, database and AI analysis by integrating the **Puter.js SDK**.
- Kept the UI predictable and responsive using **Zustand** state management and **Tailwind CSS**.

EDUCATION

Master of Computer Applications (MCA) 2024 – 2026
Lovely Professional University, Jalandhar, Punjab

Bachelor of Computer Applications (BCA) 2021 – 2024
Guru Nanak College, Dhanbad, Jharkhand

CERTIFICATIONS

- Software Engineer Intern – HackerRank | View Certificate
- Introduction to Generative AI – Google Cloud Skills Boost | View Certificate
- Build Your Own Chatbot – IBM (Cognitive Class) | View Certificate
